SPECIFICATIONS FOR CONSTRUCTION OF DRIVEWAYS ON PUBLIC RIGHT-OF-WAY
IN THE VILLAGE OF PIKETON

The Administrator's office will size the driveway culvert pipe and assist with the installation of the driveway culvert with diameters up to 24 inches. Minimum driveway culvert size is 12 inches in diameter. Once the village has determined the size culvert needed the culvert is to be purchased by the landowner. The village will install the culvert and provide the stone to cover the culvert (one load)

Driveway surface must be concrete or asphalt and graded to a slope which will prevent debris from being carried onto the street surface.

If your street has a curb a culvert isn't required.

No culvert or pipe or material is to be placed on curb or in storm gutter to ease the transition into driveway

No curb cutting is permitted.

COST OF PERMIT IS \$100.00

AN ORDINANCE PROHIBITING THE CONNECTION OF GUTTER DRAINS, DOWNSPOUT DRAINS, FOUNDATION DRAINS AND ALL SURFACE WATER DRAINS TO THE SANITARY SEWERAGE SYSTEM OF THE VILLAGE OF PIKETON, PIKE COUNTY, OHIO, REQUIRING THE USE OF SUMP PUMPS AND PROVIDING A PENALTY.

PREAMBLE:

Whereas, the Council of the Village of Piketon, Pike County, Ohio finds that the operation and maintenance of the Sanitary Sewerage System requires the elimination of all surface and sub-surface drainage from the system for the preservation of the public health, welfare and safety of its citizens:-

Now, THEREFORE, BE IT ORDAINED by the Council of the Village of Piketon, Pike County, Ohio That:-

Section 1. The connection of roof downspout and gutter drains, either directly or indirectly into the sanitary sewerage system shall not be permitted under any circumstances. Any such connections found shall be immediately disconnected and their use immediately discontinued.

Section 2. The connection of foundation drains in any way or manner, direct or indirectly, into the sanitary sewerage system shall not be permitted under any circumstances. All such drains found to be connected shall be immediately disconnected and such use discontinued.

Section 3. Where a pipe or closed conduit is installed around the foundation of a building or structure for the purpose of draining ground water away from the foundation, a sump pump shall be used to dispose of such ground water by pumping it into a downspout drain to the curb, a storm sewer or other adequate outlet exterior to the house other than any appurtenance of the sanitary sewerage system.

Section 4. No person shall connect or cause to be connected to the sanitary sewerage system of this Village or any part thereof, any conduit which conveys directly or indirectly surface or roof water from any building, structure, yard or paved surface.

Section 5. The violation of any of the foregoing sections shall be considered a misdemeanor and any officer of any corporation or any person who violates this ordinance or installs storm drains, foundation or roof drains contrary to the provisions of this ordinance shall be fined upon conviction not more than fifty (\$50.) dollars.

Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed and adopted on its third reading this 12 day of SEPTEMBER 1973
